

CHOOSE LIFE SERVICES

Choose Life Services School Support Programme (SSP)

About the Programme

Choose Life Services has been involved in supporting independent and Christian schools for over 10 years offering support services to staff and students by way of regular counselling and training initiatives to enhance the health and wellbeing of the entire school body and their families. CLS staff possess a range of qualifications and experience including backgrounds in ministry, counselling, psychology, education, early childhood, youth work, drug and alcohol and industrial relations.

Services Provided

CLS' unique skills mix enables us to place the most appropriate staff member to the individual needs of each participant school and its campuses. The SSP allows for regular contact on-site with one of our counsellors to facilitate the emotional support needs of staff and students alike tailored to the needs of the school. CLS have found that schools utilise us for a range of services including provision of a regular onsite counsellor or counsellors, mediation with parents/ faculty, grief and loss support, critical incidents, relationships, OH&S, professional development and social support for students and staff.

Packages

Packages tailored to individual institutions are available upon request. To discuss your particular needs or desired support programme utilising the Choose Life Services SSP and for general enquiries please contact the service via the details below
